

## Benefits of I.E.C. School

---

*Students that attend a certified I.E.C. school benefit from a structured learning environment and study a Nationally recognized curriculum in a classroom type atmosphere. Students will be able to discuss and review lessons with the Instructor on a weekly basis.*

## IEC Apprenticeship School

Tel: (406) 245-9551

## About The School

A broad program of continuous training improves company productivity and customer service by constantly upgrading employees' skills and expertise. Action Electric offers a school based on the National I.E.C. training curriculum, which allows us to train from entry level to the most advanced technical skills.

Our students attend weekly classes for 4 years in order to become licensed Journeymen.

### Registration

Registrations will be completed the first night of class, only after the first half of the tuition has been paid for the attendance year.

### School Rates

The I.E.C. Apprenticeship school tuition for one year is \$1,600.00. If the sponsor is an I.E.C. member the tuition for one year will be \$1,200.00. This cost includes all books and study related materials. The cost of tuition can either be paid in full before start of the first class in the fall or payments can be broken up into two semester payments, with the first payment due on or before class starts in the fall. The second payment must be received before January 1, 2009. No students will be admitted to class without payment for the semester paid in full.

### Class Schedule (Class times are subject to change from year to year)

Classes are from September through May. First year students will attend class on Tuesday nights at 5:30 PM, second year students will attend class on Wednesday nights at 5:30 PM, third year students will attend class on Thursday nights at 5:30 PM and fourth year students will attend class on Monday nights at 5:30 PM. Classes will be once a week for four hours a night. Any absence from class must be approved prior to being gone.

### Curriculum

I.E.C. is a nationally recognized and state approved apprenticeship with classes meeting all requirements of training for the Inside Wireman Apprenticeship Program in accordance with the Montana State Apprenticeship and Training Program.

### Class Location

Class will be held at the Action Electric Shop located at 1701 Montana Avenue located in downtown Billings, MT.
